**Dr. K. C Preetha**  
**Principal**

### **National Science Day**

National Science Day is being celebrated every year to widely spread a message about the significance of science and its application in the daily life of the people. The Day is observed to mark the novel discovery of the Raman Effect by the great Indian Physicist Sir C.V Raman on 28th February 1928. The activities organised on the occasion are intended to provide an awareness to the public about the emerging issues of immediate concern. The topic of this year is Integrated approach in science and technology for a sustainable future
