## PREFACE

The modern era is a period of transformations. Rapid changes have occurred in all spheres of life. The advancement of science and the independence of nations are some of the reasons for these great changes. However, behind these, we can see that there are some great souls who stand as the basis for these. For Kerala, a great preceptor is seen as the cause of all these changes. That great soul is Sree Narayana Gurudevan. Guru is the strong hold that provides sufficient energy for the social transformations and cultural renaissance that have taken place and are taking place in Kerala. Two of Sree Narayana Guru's Karma Project are the most important. i) 'Be strengthened through organization' ii) 'Liberation through education'.

R. Sankar was a great man who achieved the second of these through his own path of action. In other words, the great R. Sankar was a person who played a key role in putting into practice the ideas of Sree Narayana Guru, who indicated freedom through education. As a result of his determination, S.N Colleges were established in many parts of Kerala. Sivagiri Sree Narayana College was established in 1964.

The National Service Scheme was established at the national level in 1969. Subsequently, NSS Unit was also formed at Sivagiri Sree Narayana College. From the day of its formation to the present day, remarkable activities have been taking place that focus on the objectives of the National Service Scheme. The Units have been able to perform enthusiastically in the academic year 2023-2024 as well. During this period, the units have been able to win many awards for their excellent performance in various fields.

### **NADEEL ULSAVAM-24.06.2023**

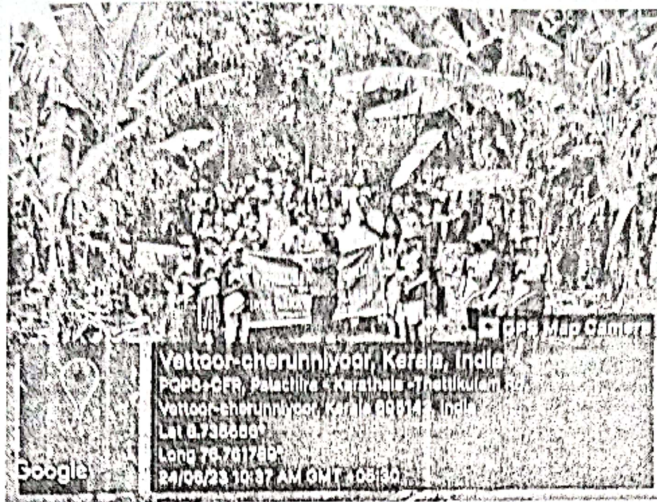

It is said that one-fifth of human diet comes from the food of rice that has been pierced with rice. Rice is the staple food of Keralies .Rice is also the most produced grain crop in Kerala. But the interest and enthusiasm of the Malayalam towards rice farming which they had in the old days is decreasing. The very existence of paddy fields has begun to deteriorate. This was due to the fact that rice cultivation was widely known to be unprofitable and people's work habits and interest decreased.

But then the government is planning various schemes to promote rice cultivation. Sivagiri Sree Narayana college NSS units focused on rice cultivation in order to inculcate interest in agriculture in the new generation and considering the positive attitude of the government. The programme named "NADEEL ULSAVAM" was inaugurated by Sri.Aji SRM, SN Trust executive member. Agriculture office assistant Smt.Susmitha, Dr.Sajesh Sasidharan, PTA Vice president and Former Students Association Secretary Sri.G.Sivakumar delivered felicitations .Programme officers of Sri.P.K.Sumesh, and Veenas.C.L and volunteers Sri Athul, Sri Abhijith Sri Ullasan, Kumari Sangami, Kumari Richusai, Sri Ananthukrishna, Kumari Nandana etc lead the way.

## ANTIRAGGING FLUX

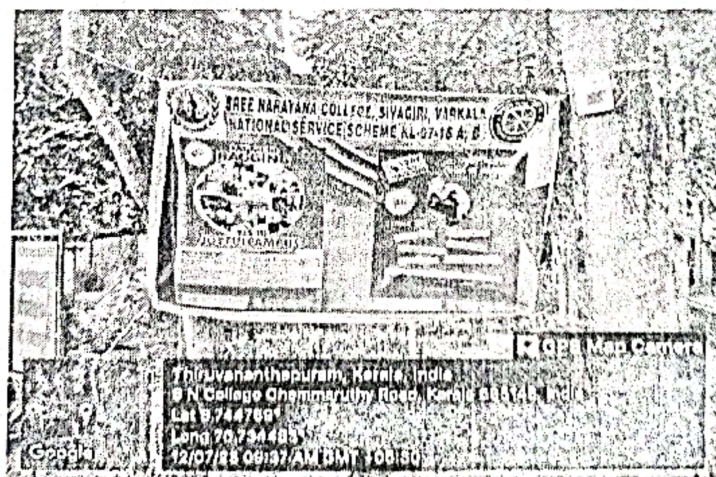

12/07/2023

Ragging is the action of physically or mentally harassing a student studying in an educational institution or behaving in a manner that causes fear or embarrassment to that student. Ragging is the misbehavior shown by older students towards first year school or college students. It is illegal and a punishable offence in India. Senior students do this on the pretext of acclimates the beginners to the school/College environment. In this, it is seen that even personal harassment and sexual harassment often occur. Often this leads to lowering the personality of the junior students and inculcating a servile attitude in them. Ragging was notorious in many reputed institutions of higher education in Indian, especially medical colleges. It often goes beyond the limits and causes the death of the children who are subjected to it and also affects their learning and mental stability.

"The UGC defines ragging as any ill-treatment by words, writings or actions towards any student, whether beginner or not.

Now due to strong intervention of court and public and necessary legislation, ragging has reduced significantly.

In this situation, anti-ragging flux will be observed near the college gate on the day of first year degree admission under the auspices of NSS units of the college.

## KARKIDAKAVAVUBALI - GREENPROTOCOL INITIATIVES 16/07/2023

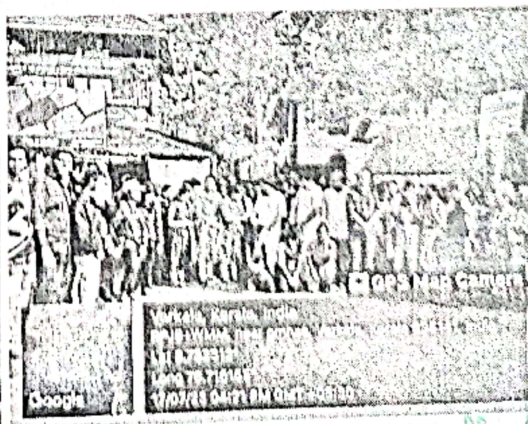

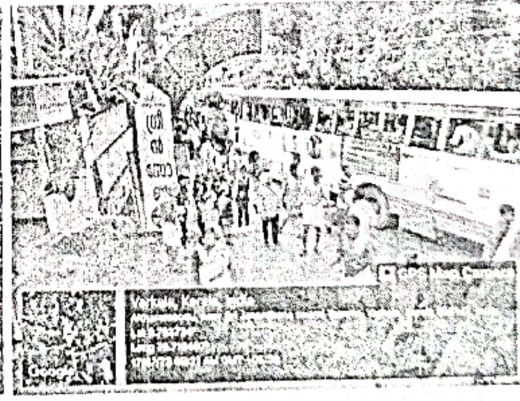

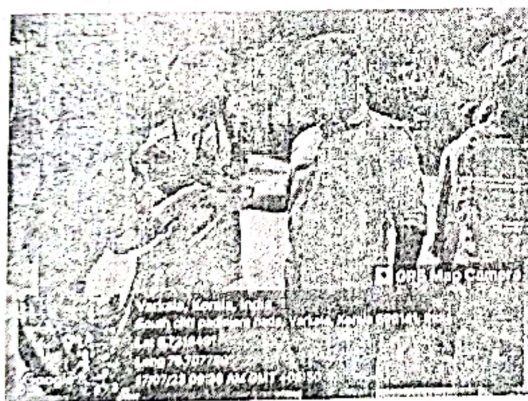

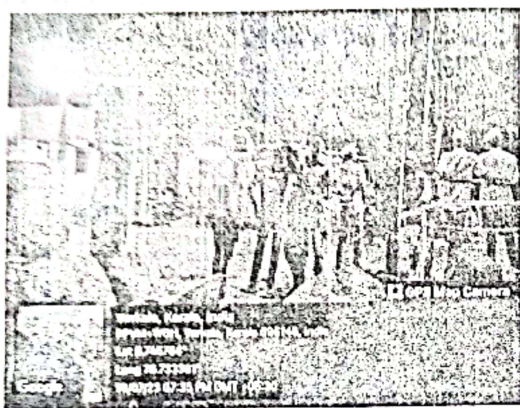

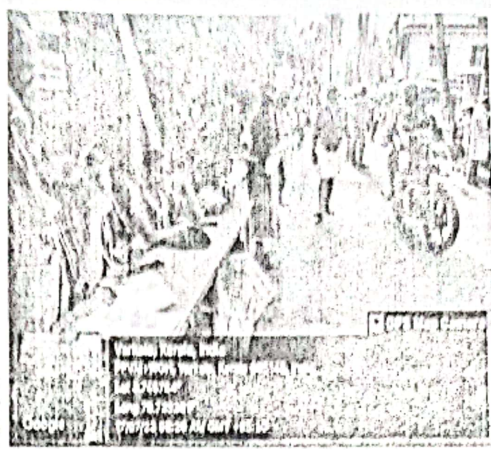

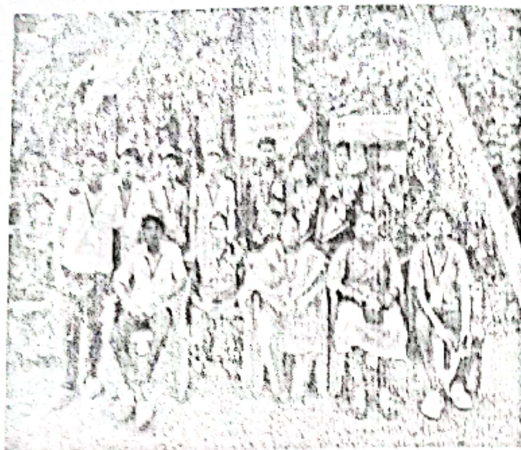

Karkidakavavubali is a ritual observed by the people of India especially Kerala according to Hindu cultural principle. It is observed on the day of Karuthavavu in 'Karkidakom' month of 'Kolla'year. This is a ceremony performed by the descendants of those who have passed away. On the day of Amavasi, people gather downriver banks and seashore to perform sacrifices. It is believed that the souls of the departed will attain mosham if the descendants perform the rituals. It is customary for a large number of people to gather and perform rituals at Varkala Papanasam beach in Thiruvananthapuram district of Kerala. Around one lack people usually gather at VarkalaPapanasam for the 'Balitharpana'.

Throwing of plastic materials and other waste is common in such a situation. As a solution to this, the Government asks for the help of volunteers like NSS.. The government has sought the help of NSS volunteers at Sivagiri Sree Narayana College. Varkala Municipality, Sanitation Mission and Haritha kerala Mission have asked for help. The volunteers of the NSS units participated in the aforesaid programme and made it a success.

## THANNERVANAM PROJECT (MANGROVE PROJECT)

09/08/2023

### Mangroves

Mangroves are complex eco systems consisting of trees and shrubs growing in the estuaries, swamps and the shores. Mangrove trees and associated non mangrove plants grow sparsely in these areas.

### Importance

Mangroves are among the most biologically rich ecosystems on Earth. Such mangroves have the capacity to absorb 50 times more carbon than tropical forests. They help in reducing air pollution to a certain extent. Along with this, they release a lot of oxygen. These areas are desirable for safe breeding of aquatic life including different species of fish and for nesting of birds. They also have amazing ability to withstand natural calamities. Growing mangroves near water bodies is an effective way to protect the environment

## GANDHI JAYANTHI CELEBRATIONS

02/10/2023

It was Gandhiji who initiated the idea of involving students in the process of nation building. He constantly reminded the students that while studying, they should not forget their social responsibilities. He insisted that education should not be seen as a kind of intellectual luxury. Rather, he firmly believed that education should be seen as a preparation for empowering the common people.

Gandhi wanted an educational institution to have an active and creative relationship with the locality in which it is situated National Service was also a means of self-realization for Gandhiji and through that, God-realization. NSS is a great gurudakshina that can be gives to a great soul who thinks like this. NSS was implemented on the 100<sup>th</sup> birth anniversary of Gandhiji. That is the close relationship between, Gandhiji and NSS.

As part of Gandhiji's 154<sup>th</sup> birthday celebrations, campus cleaning and Aganwadi cleaning activities at Adopted Village were held.

## VIDYAVANAM CLEANING

21/10/2023

'Vidyavanam' is a small forest that resemble natural forest and are planted with high density and high biodiversity in a very small space in educational institutions. The Vidyavanam project is implemented in educational institutions with the intention of creating biodiversity conservation awareness among students and providing practica training in forest conservation activities.

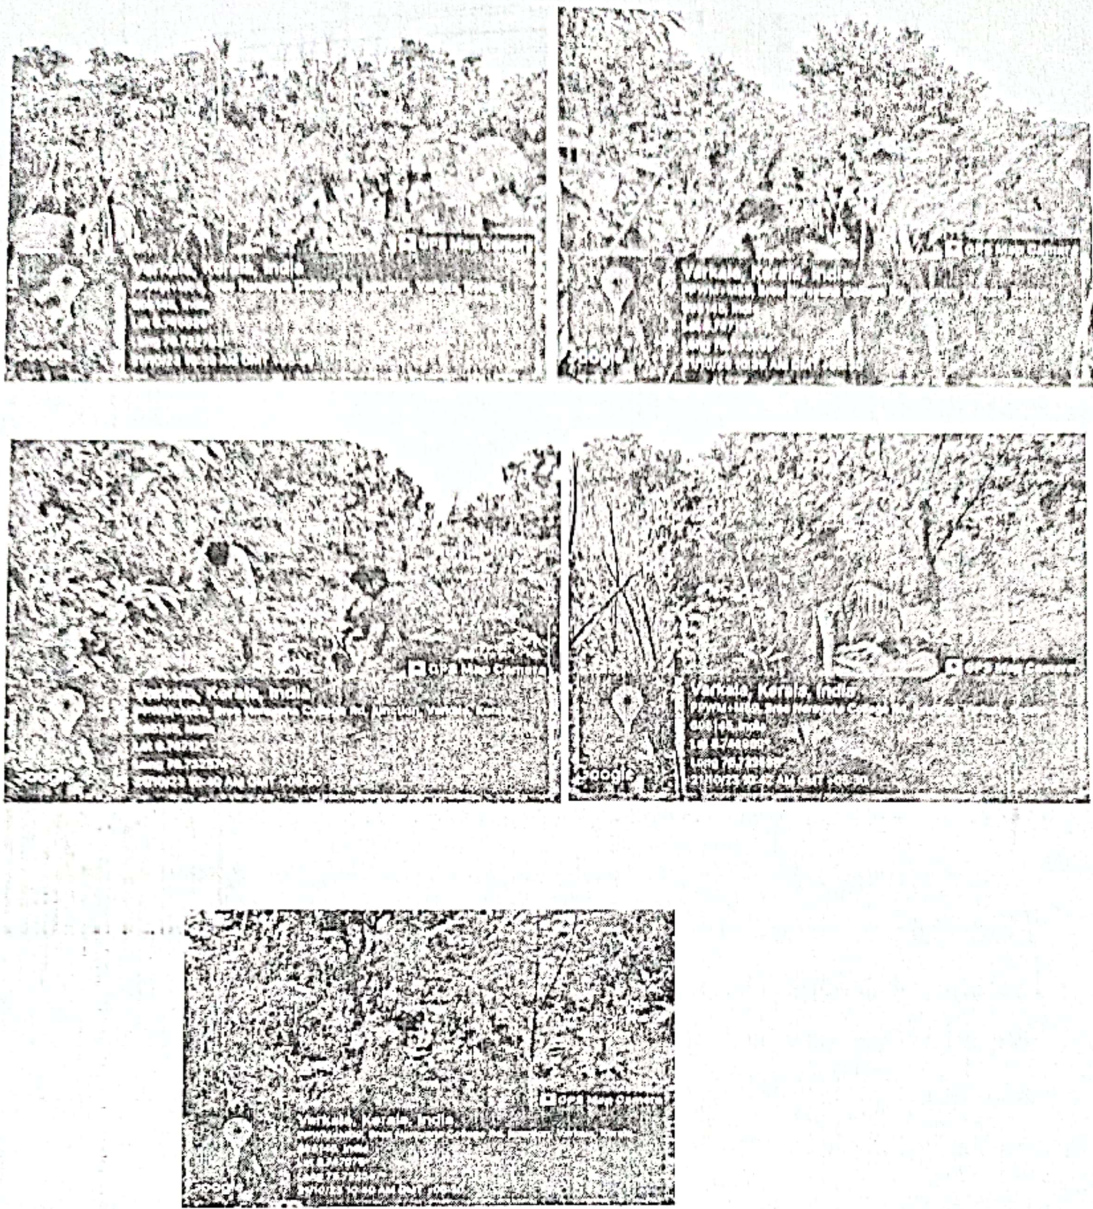

It is a diverse collection of many small trees that grow in the local habitat. In connection with the Vanamaholsav-2023 Adv. V Joy MLA inaugurated the Vidyavanam. Which was developed in collaboration with the department of Forestry-Social Forestry wing and NSS Units of SN College Varkala.

Along with the saplings that were, planted and, grown in the 'Vidyavanam' project, weed plants also grew. This will hamper the early grow of the seedlings which need to be protected. So the weeds had to be removed. The said activities took place on 21<sup>st</sup> October 2023.

## KERALAPPIRAVI CELEBRATIONS

02/11/2023

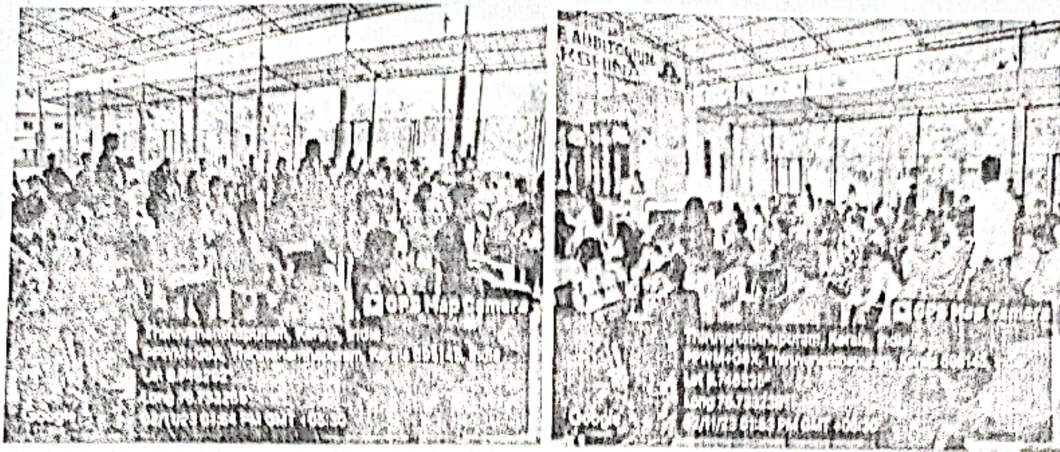

1<sup>ST</sup> November is celebrated as Kerala Piravi day when the state of Kerala was formed on the basis of language. After India became independent from British in 1947, agitations for a United Kerala intensified. The state Reorganization Act of 1956 was the basis for this reorganization and for many states formations and bifurcations. The state of Kerala was formed on November 1<sup>st</sup>, 1956 by merging the Travancore, Kochi Kingdoms and all the Malabar areas of the Madras presidency as per the decision of the Government of India to reorganize the states on the basis of language (including all areas where Malayalam is the main language). It is on this basis that November 1<sup>st</sup>, is celebrated as 'Kerala Piravi Day'.

The NSS unit of Sivagiri Sree Narayana College also participated in this year's Kerala Piravi Celebrations. Quiz competition were organized under the auspices of NSS Units.

# BLOOD DONATION CAMP

14/03/2024

## BLOOD DONATION

Volunteer Donation is the process in which a person's blood is donated for another person or for storage by scientific method.

## IMPORTANCE OF BLOOD DONATION

When the human body loss a lot of blood due to an accident or a surgery, in order to save the person, we have to give the same amount and same group of the lost blood. Even though the world has developed in the medical research a lot, but not a substitute for human blood has been invented. In this situation the blood donation has is important. Blood is mostly used during in different surgeries more over the blood donation is very important during the excess bleeding at the time of delivery, diseases that reduce platelet counts and anaemia.

## VOLUNTARY BLOOD DONATION

In the present scenario in order to store enough blood in blood banks, blood donations must be encouraged. It is a continues process to get required amount of blood. More over during the blood donation new blood cells will be created in the donor's body, this will give more energy and capacity to the donor's body. If he could store 100% blood which a body requires then there will not be any hindrance for blood donation. So that " Blood donation is great and it is a lifesaving action". On beholding this message Sivagiri Sree Narayana College's NSS units on 14/03/2024 organised a blood donation camp.

Principal Dr. Vinod C Sugathan Inagurated the camp. SN trust Executive member Sri. Aji SRM, Dr. Leji, Dr. Binushma Raju, Dr. Sajesh Sasidharan, Sri.
