

Report of talk on GIS conducted on 12/07/23

Avakaza Geoscience Research Technologies (AGSRT) is a recognized organization in the field of Geographic Information System (GIS) was established in 2019. Their objectives is to spread the influence of GIS across varied fields, with foci in geological, Environmental Remote Sensing, Structural and Foundation RS, GeoInformatics and GIS Development. Mr. Midhun Sathyan, founder and director delivered a talk on the significance of GIS in modern world geosciences research. The program has started at 12/07/2023 on 2 PM with the introductory speech given by Head of the Department, Department of Geology. The program has ended with vote of thanks at 4 PM.

Sree Narayana College, Sivagiri, Varkala
